POLHEMUS
INNOVATION IN MOTION™

PATRIOT™ DB
INSTALLATION GUIDE

Congratulations on your purchase of the PATRIOT DB!
The following seven steps will guide you in installing your system in just a few minutes.

	Turn PC Power Off **STEP ONE:** Open your PC **STEP TWO:** Remove the 5.25 inch face plate from the front of your PC, and then remove one of the expansion slot covers on the back.
	STEP THREE: Insert the PATRIOT DB into a drive bay slot and secure using either the screws provided by Polhemus or the plastic inserts provided by the PC manufacturer **STEP FOUR:** Plug the PC power and the USB cable in to the back of the PATRIOT.

	NOTE: If the power plug from the PC doesn't match the PATRIOT Molex plug, please use the SATA to Molex Power Adapter provided.
	STEP FIVE: Insert the USB cable through the expansion slot and plug directly into one of your PC's USB ports.
	STEP SIX: Close and power up your PC. **STEP SEVEN:** Insert your PATRIOT installation software tool kit and manual CD and follow prompts for installation of new hardware and Polhemus software and manual.
